This concerns the following Amended filing dated March 22, 2013:

24 Hour Filing dated 8/10/2012

We are submitting an amended August 10, 2012 filing intended to replace two 24 hour filings submitted on August 9 & 10 of 2012.

The 2 original filings accidentally listed all 3 of the expenditures contained on the August 9th filing AGAIN in the August 10th filing. This created the appearance of having made the expenditures twice, and therefore did not match the correctly itemized expenditures reported on Schedule E of our October Quarterly 3 X filing.

Technical limitations do not currently allow us to file an amended report that deletes entries contained in an original 24 hour filing, so we are requesting that the amended filing that we are submitting be used as a REPLACEMENT for the 2 originally filed reports.
