REFERENCE:
2021 Mid Year Report (Activity 01/01/2021 - 06/30/2021) filed July 31, 2021

Dear Mr. Adamsky:

This letter is in response to your letter dated November 11, 2021 regarding the report cited above. The following is the Committee's response.

The beginning cash balance has been corrected.

On July 31, the Committee filed a Form 99 describing its Best Efforts Process (See FEC-1533362) We have copied the contents of that Form 99 here.
"FedUp PAC Best Efforts process begins with a printed form included in all mailings with the approved FEC "Best Efforts" language asking donors whose contributions exceed \$200 per calendar year to comply with Federal law and provide their name, mailing address, occupation, and name of employer if not retired (see sample mailing Reply Form with approved FEC financial disclosure request).

Once donations are received, Thank You letters are sent out within 30 days thanking donors for their gift along with another FEC form for anyone who did not submit a form for contributions that exceed \$200 per calendar year.

Three times a year Best Efforts follow up letters are sent out to remaining donors who have not submitted forms for gifts that exceed \$200 per calendar year (see sample follow-up Best Efforts letter). In January of the following year, one more Best Efforts letter with the approved FEC form are sent out to donors in the previous calendar year whose contributions exceed \$200 and not yet submitted a completed FEC form to obtain donor information.

These forms ask for their name, mailing address, occupation, and name of employer if not retired as a final attempt to collect this information (see final Best Efforts letter attempt for previous calendar year)."

The discrepancies on Schedule D will require amending prior reports. The Committee is in the process of reconciling the debt schedules.

The 24 hour report FEC-1518324 filed 5/30/2021 disclosed ultimate vendors that were paid by American Target Advertising; thus the debt was owed to American Target Advertising. The amounts contained in this filing are estimates. The Committee will add memo fields to clarify the entries.

Please contact me if you have other questions.
