November 12, 2004

Dear FEC

This letter is in response to RQ-2 dated October 27, 2004. In this letter, we were asked to clarify certain expenses and to which candidate they benefited. None of the expenditures in questioned were made on behalf of any candidate. All of these expenses were costs attributed for the general work of the CWPAC as described.

On the morning of November 12, 2004 I discussed by telephone this issue with Elizabeth Boody our Campaign Finance Analyst who was in agreement that our filings are correct. Based on this conversation and our understanding of the law, there is no reason to electronically file any amendments to our October Quarterly Report.

This electronic statement is all that is required to notify the FEC that our filings are correct and no amendments are necessary.

Sincerely

Michael D. Bowman

Executive Director
