To Whom It May Concern:

We greatly appreciate the Commission providing us a chance to share some additional insight into this matter. It is a great privilege to live in the United States of America and engage in the political process. We take the responsibility accompanying this privilege very seriously. We have and will continue to make every possible effort, proactively, to communicate with our Senior Finance Analyst at the FEC in order to avoid any future unintentional reporting errors. We share the Commission's opinion that full disclosure is of the utmost importance.

Thank you again for the opportunity to provide additional insight into this matter and greatly appreciate the Commission's efforts to ensure the integrity of federal political engagement. We are also grateful for the exceptional professionals available to provide clear and accurate information to PACs.

God bless.
