Dear Mr. Buckley,

This is a response to your letter dated April 4, 2008 to the Waste Management Employees Better Government Fund regarding the \$5,000 contribution to Mark Pryor for US Senate reported on 4/27/2006. This contribution was inadvertently reported to the 2006 General election. It was intended for the 2008 Primary election and the candidate has reported it as such.

By clarifying that this contribution was made to the 2008 Primary election, it is no longer a concern that excessive contributions were made to the 2008 General Election.

Please feel free to contact me if you have any questions.

Sincerely,

Robert Simpson
Treasurer
