REF: RFAI for Amended July Quarterly Report (4/1/18 - 6/30/18) received 7/24/18

The original quarterly report contained incorrect data due to a data entry error when transmitting the report. The software houses data for 2 separate accounts - C00584805 and C00543363. The correct data was prepared for the BFB PAC quarterly report but the wrong ID was selected when transmitting the data to the FEC. As soon as this error was discovered, the correct, amended report was filed.

If you have further questions regarding this error, please contact me.

Thank you -

Sue Jackson
