This is in response to a letter sent out from the FEC inquiring about administrative services for our Political Action Committee. The only main administrative expense that we pay out of the PAC is to Chantal Wienecke who handles all of our day to day operations. All costs incurred are paid for out of her pocket and reimbursed by the PAC. Including purchasing paper, PO Box rentals, stamps, etc. She is paid as a consultant on an hourly wage. Please note that the Mid-Year report lists these checks written to her during this time period.

There are a few times when the PAC has reimbursed others for fees at events and travel expenses which are also noted. If I have misunderstood what the FEC is asking, I apologize in advance and ask that you send another letter stating how to fix it.

Thank You.
