

RE: American Surgical Hospital Association Political Action Committee: Amended 2005 Mid-Year Report (1/1/05 - 6/30/05),
filed on 3/2/07

This responds to the R.F.A.I. dated April 13, 2007 in connection with the above-referenced report, and, in particular, a possible excessive contribution by the Committee to the Congressional Majority Committee.

The Committee has reviewed its records, and it appears to have made a \$5,000 excessive contribution in 2005 to the Congressional Majority Committee.

The Committee has today requested a \$5,000 refund from the Congressional Majority Committee.

The Committee, which is under new management, apologizes for this error.
