1. On 2/14/05 via our check #1340 we refunded \$4000 to Medical Oncology Association of Southern California. We believed this was a PAC, and the organization has formed a PAC since this contribution occurred. However, the association's account was not a PAC at the time of contribution, so a refund was in order, and it was performed immediately upon realization. Said refund will appear on the appropriate schedules of our reports for the current period.

2. On 2/14/05 via our check #1344 we refunded \$2000 to Lyondell Chemical Company PAC. This refund occurred due to a separate contribution of \$2000 on 4/5/04. Upon realizing the error, the refund was made immediately. Said refund will appear on the appropriate schedules of our reports for the current period.
