Re: April Monthly Report (3/1 06 - 3/31/06)

1) Regarding payment to CPMA Inc, marked as "Consulting"- expense was for political consulting- discussion of political issues. We have submitted an amended report with an updated description.

2) All administrative expenses, including overhead expenses, have been correctly reported in our FEC February, March, and April Monthly reports. On administrative expenses includes rent (Ox-Eye Management), water (Poland Spring), and phone/internet service (Verizon). All other overhead items (Heat/Hot Water/Electric) are included in the rent payment.
