Re: Letter of June 30, 2006

As a follow up to our recent phone conversation we (Jacobs Good Government Fund of Jacobs Engineering Group Inc.) state that the Memo entries in question - Ensign for Senate and Porter for Congress - were needed in order to split the \$3000.00 contribution to their Joint Fundraising Committee dated 5/22/06 and included in our June Monthly report. Our database vendor (Vocus) provided the procedure that would work in their software in order to maintain correct contribution limits information for these two candidacies.

Thank you for your understanding and patience in this process.
