RE: Request for Additional Information on Amended Post Runoff Report dated 2/18/2021

This Form will address the questions regarding the above referenced report

1)The decrease in receipts of \$51,999 was the result of correcting for an incorrect contributions file that was included with the original report. As soon as we discovered the error we corrected the report by deleting the incorrect entries. We attempted to have the original file deleted from the FEC website and were unsuccessful.

2)The difference between the beginning cash balance in the Amended Post Runoff Report and the ending cash balance on the 30 Day Post General report was caused by an error in the Third Quarter report. A payment to ESB Advertising on 9/28/2020 was not correctly disclosed on the original filing. We have amended the 2020 Third Quarter report and all subsequent reports to correct this error.

Please contact me if you have any questions. Thank you.

Paula Edwards
Treasurer
