10/23/20

Dear Mr. Wetzel:

I am writing in regards to the 24 hour report I just filed at 8:45 am on Oct. 23.

I wanted to acknowledge the delay in some of the transactions reported on this 24 hour report.

From Oct. 21 through the morning of Oct. 22, we had a billing issue with Facebook. They were having trouble processing our payment method and so I received no invoice from Facebook on Oct. 22 for ads that ran starting on Oct. 21.

The billing issue was resolved and I received the next bill at 5:57 am on Oct. 23. This bill included Facebook ads that began running on Oct. 21 at 12 pm.

I've entered the data and submitted the 24 hour report as swiftly as possible after receiving the bill but, because of the billing issue, some transactions on the 24 hour report appear late.

My apologies for this glitch. I have improved my system for tending to the timeliness of the Facebook ad dissemination and billing. I'm hopeful this won't be an issue going forward.

Thank you,  
Heather Mahoney
