Further clarification to FEC letter dated July 7, 2004
Response Due Date: August 6, 2004

Schedule B, Line 23 - With regard to the \$1,000.00 contribution to Nelson, E. Benjamin dated 5/28/04, an accompanying letter to the candidate designated the contribution to the 2006 primary but it was incorrectly reported on the monthly report as for the 2004 primary. Furthermore, we confirmed with the FEC that there was no 2004 primary in NE. Therefore, no redesignation to the candidate is necessary and no redesignation request will be sent to the FEC. This was confirmed by a conversation with FEC analyst Coleen Manning. The report has been amended to correct this reporting error.

Schedule B, Line 23 - The contribution to Obama, Barack dated 5/3/04 for \$5,000.00 was intended for the candidate's general election campaign, not the primary election as originally described. However, since a timely redesignation could not be made, a refund request letter was sent to the candidate. A copy of the this letter will be sent to the FEC.
