Re: Year End Report

Dear Mr. Rebollozo:

We are in receipt of your letter dated March 20, 2018 regarding the above referenced report for the Cincinnatus PAC (C00574228).

Regarding Item 1, the committee mistakenly entered the wrong date on the $2,000 contribution from Ronald Joseph originally dated 1/3/17 on the July 31 Mid Year Report (1/1/2017 - 6/30/2017). This $2,000 contribution was actually dated 12/27/16 and should have been reported on the January 31 Year End Report, which covered 11/29/16-12/31/16. The January 31 Year End Report has been amended to disclose the $2,000 contribution from Ronald Joseph on 12/27/16, not 1/3/17. The July 31 Mid Year Report has also been amended to reflect this and the $2,000 contribution dated 1/3/17 has been deleted. Ronald Joseph still over contributed $100 in 2017 and the committee has refunded the $100 excess contribution. A copy of the check has been mailed to your office via certified mail. We will show the corrective action we took in the April 2018 filing.

Regarding Item 2, the committee has done its due diligence to verify that the contributions from the unregistered political committees were received from federally permissible funds. Because the contributions received were permissible, no corrective action has been taken.

Regarding Item 3, the committee has done its due diligence to verify that the contribution from HBI-PAC was received from the donor's federal account. Because the contribution received was permissible, no corrective action has been taken.

Regarding Item 4, the committee has reached out to the donor and confirmed that the contribution was permissible and the donor will be amending their report to reflect that.
