

As of January 2006 Blumenauer for Congress and the Committee for a Livable Future began sharing an office suite. LivPAC has been allotted 25 percent of the space and is responsible for 25 percent of the monthly rent payment. The committees jointly decided that this will be accomplished by having the Blumenauer for Congress Committee pay the full rent January through September and LivPAC pay the full rent for the last three months of the year, October-December. Each committee is responsible for providing its own office supplies and consumables.
