Report is amended to correct the date of disbursement of earmarked contributions to campaigns for several transactions. A data import error caused several transactions to appear to have been disbursed outside of the permissible time period. However, all transactions were in fact disbursed within the specified time period of 10 days. The amendment also corrects the total transfers made to the connected organization on Line 29. The original report was correct, but due to a software error, the first amendment erroneously left off conduits that were received in October and transferred in November.
