

In response to the Commission's letter dated April 13, 2011, the Committee regrets that its original filing of the 30 Day Post-General Report was incomplete. Checks were deposited over the course of the reporting period by staff who were not familiar with the internal procedures of the Committee. Once the bank reconciliation had taken place for the previous month, the error became apparent, and the Committee immediately sought complete information and filed an amended and complete report with the Commission. The Committee regrets the error.
