Regarding the Form 5, 24-hour Report filed 09/05/2012 covering the period 09/04/2012-09/05/2012 (FEC-808692):
The two itemized independent expenditures listed in Schedule 5-E do not indicate the state in which the 'Janesville'
communication was disseminated because the communication was an online advertisement available nationwide.
Further, we note that nowhere in 11 CFR 109.10(e)(1) do we find a requirement that this report include the
identification of a state for the 'Office Sought' field of Schedule 5-E.
