I'm more than glad to file this form now that I am aware of it. I apologize for the delay but we have left numerous messages about this matter and was not given specific information until on 3/11/2013

when Maureen directed our office to this misc form 99 thank you Maureen

Having looked over past non federal years for filings it appears that we filed semi-annually and would like to continue this for 2013

Maureen said that we have to file our February report

Please accept our apology as I'm new as of 6/2012
