In response to the Commission's notice on 12/21/2011 regarding the October quarterly report, the Susan B Anthony List, Inc. did report the independent expenditures in question on 24 and 48 hour reports. Here is the reference information for those expenditures in question:

1. Google, Inc. 9/8/2010 for \$31970.17 was reported on the 24 hour report covering period 9/8/10 through 9/8/10. It is listed for \$40,000 which was the best estimate the organization had at the time the report was due.

2. Conquest Communications 9/9/2010 for \$14,880.00 was reported on the 24 hour report covering period 9/9/10 through 9/9/10. It is listed for \$22,000 which was the best estimate the organization had at the time the report was due.

3. Conquest Communications 9/9/2010 for \$2375.60 was reported on the 24 hour report covering period 9/9/10 through 9/9/10. It is listed for \$2,300 which was the best estimate the organization had at the time the report was due.

4. The two independent expenditures made on 9/14/10, one for \$2045.00 for Design 4, Inc. and the other for Union Leader for \$9531.30, were not reported on a 24 or 48 hour report because the primary election for that candidate {Kelly Ayotte-NH Senate} was on 9/14/10. According to the FEC's schedule, the time period requiring 24 hour notices in the New Hampshire primary election was 08/26/10 - 09/12/10. Since those independent expenditures did not fall into that time period, we reported them on the quarterly report.

Thank-you.
