

MACPAC responded to the FEC inquiry dated 1/16/2008 by calling Sui Lang Panoke in the Reports Analysis Division and confirming that MACPAC had more than 51 contributors. MACPAC has signed contribution forms from each contributor. Sui Lang explained that their algorithm for sending the inquiry letter was to take the total contribution dollars and divide by \$200.

MACPAC has received very small contributions from 53 contributors and two larger contributions from Tom King and Valeria Szigeti, and thus we would fail this screening. Nevertheless, I certify that we have qualified for Multicandidate Status.
