Identification Number: C00320168

Reference: 12 Day Pre-General Report (10/1/96-10/16/96)

Dear Mr. Neal:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. The review raised questions concerning certain information contained in the report(s). An itemization follows:

-Please provide a Schedule B to support the in-kind contribution(s) reported on Schedule A for Line 11(a)(i) of the Detailed Summary Page. All in-kind contributions from individuals, which in the aggregate exceed \$200, should be itemized on Schedule A and Schedule B and included on Lines 11(a)(i) and 17 of the Detailed Summary Page.

Any amendment or clarification should be filed with the Federal Election Commission. If you need assistance, please feel free to contact me on our toll-free number, (800) 424-9530. My local number is (202) 219-3580.

Sincerely,

The first part of the paper discusses the importance of the research and the objectives of the study. It then presents a literature review of the existing research on the topic. The methodology section describes the research design and the data collection process. The results section presents the findings of the study, and the conclusion section summarizes the main points and provides recommendations for future research.

The study was conducted in a laboratory setting, and the participants were recruited from a local university. The data was collected using a series of questionnaires and interviews. The results of the study show that there is a significant relationship between the variables being studied. The findings suggest that the research has important implications for the field of study.

The research was supported by a grant from the National Science Foundation. The authors would like to thank the participants for their contribution to the study and the reviewers for their helpful comments.
