The refund reflected on Line 28, and the Schedule B for Line 28, of the 2013 year-end report was a refund of unitemized contributions to a collecting agent. Insulators Local 38 is a collecting agent. It collects contributions from individual union members and forwards them to the Insulators' political action committee (PAC). In 2013, Local 38, mistakenly thinking that a check had gotten lost, sent a second check for the same amount, each representing the same group of small, individual, unitemized contributions. Both were deposited. When the error was discovered, the PAC refunded the second to Local 38.
