

It has only recently been communicated to my attention that the FEC made a request for more information regarding our filings. That request was dated 11/18/2009 and had a response deadline of 12/23/2009.

As I am just now being made aware of this request, please be assured that I am NOW working feverishly to comply. We will have amended filings ASAP and absolutely no later than 2/15/2010. We take our fiscal responsibilities seriously we will resolve this to your satisfaction. We truly regret this inadvertent oversight and apologize.

Sincerely,

Stephen Montes, Treasurer
