3/22/04

On this date I received electronic notification that the March Monthly report for C00254953 had not been filed. My records indicated receipt and acceptance of my electronic filing on 3/11 with a filing ID of FEC 111339.

Following contact with my analyst, Jennifer Jones, she advised that I had filed an F1N report on 3/11--a copy of my report filed indicates the filing was on the FEC Form 3X. I have a call into FEC's tech support to determine if this is an "IT-type" problem--due to the new FEC software.

I am sending this memo to provide the FEC with background on the status of our March Monthly filing.

An update will be sent following my discussion with FEC technical support.
