This is in response to your letter of 5/31/2013 regarding our 2013 Termination Report. The committee has amended it 2012 Pre-General and Post-General reports to correct the category of several expenditures on Schedule H6. We have also amended the 2012 Year-End report to clarify the use of \$939.37 in Levin Funds to make a regular Schedule H3 allocation transfer. We believe any apparent overtransfer of Levin funds has been resolved by these amendments. Please advise if any additional information is required for the committee to terminate.
