Washington, DC 20463

Re RFAs dated Aug 25 and 26

Mr. Buckley

Please find several amendments today to address the issues raised in your letters dated August 25 and 26th.

1. The Committee's Statement of Organization was amended to add Brett Smiley as Assistant Treasurer. The previous report had been signed by Mr Smiley as he has been retained by the Committee to help ensure compliance. Additionally, the delay in responding to these letters is part of the reason he was brought on board to provide professional compliance.

Finally, our email address was updated to enable timely receipt of these letters.

2. We have reviewed our records and concur with the Commission that Arch Leadership PAC has not reached multicandidate status yet.

3. Accordingly, we have requested a refund from all committees to which we contributed excessively. Notes have been added to these contributions and the refunds will be reported when they are returned.

4. The contributions to the Chandler Victory Fund and Stephanie Herseth Sandlin for Congress were improperly designated on our form 3X. Both were for the General election and have been updated on the amendment to reflect the accurate designation.

If you need additional information please contact Brett Smiley at 401-454-0991.

Thank you. Arch Leadership PAC
