This is in response to the RFAI letter dated 12/16/2021 regarding contributions that were over the limit. It was found that due to a clerical error through payroll his payroll deduction for the PAC went over the limit. We have corrected the error and refunded the overage. We also reviewed the process for the payroll deduction to ensure that it doesnt happen again. The refund will be listed in the 1/31/21 Year-End report.
