As a Political Party Committee, we file our FEC reports on a monthly basis. For several years we have been submitting the reports electronically, and for over a year we have done this with software developed by one of our members, Gregg Prentice. Gregg's software converted data from our Quickbooks accounting software to supply the information needed by the FEC.

Unfortunately, Gregg passed away suddenly from Covid 19 on Saturday, September 11, 2021. Gregg did not share the software and instructions for its use with our officers. We will have to enter the August data manually, and according to the information we have received from our FEC analyst, Scott Bennett, we may likely have to re-enter the data from our first 7 months of 2021. We will be struggling to get all of this entered in the proper format by our deadline on September 20, but we will try to do so with our best effort.
