

On June 3, 2011, a new accounting employee, who was unfamiliar with the policy of Surgical Care Affiliates, LLC ('SCA') of paying all administrative expenses associated with SCA PAC, mistakenly transferred \$7,739.29 from SCA PAC to SCA for the reimbursement of SCA PAC-related administrative expenses. This transfer of funds came to our attention when reviewing SCA PAC's bank statement. The payment to SCA was returned to SCA PAC on July 5, 2011. This July transaction is being reported on Form 99 in advance of the Form 3X for the period covering July 1, 2011 through December 31, 2011.
