This submission responds to the Commission's letter of October 20, 2022, regarding the committee's July Quarterly Report:

Please note that the report was amended when it was discovered that three checks that were issued on June 30th, 2022 were not included on the report.

The checks in question had not been cashed at the time of the preparation of the report and were inadvertently omitted from a disbursement schedule used to prepare the report.

The committee will ensure that all disbursements, including those that have not cleared the bank at the end of a reporting period, are included in future reports.
