Dear Ms. Senger

RE: Volunteer PAC
FEC Identification Number C00341743
April Quarterly Report (1/1/04 - 3/31/04)

In regard to excessive contributions, the following explains each one in detail:

Richard Shelby - Two checks were written on 12-19-03 for \$5,000 each. One of those checks never cleared. The check written on 3-31-04 was a replacement for this check.

Citizens for Arlen Specter/Brownback for U.S. Senate - Changes have been made to reflect that one of the two checks written to each committee was for the Primary period and the other for the General period.

The Tennessee Republican Caucus is a completely Non-Federal committee.

Changes have been made to reflect that the \$25,000 contribution to the Tennessee Republican Party was intended for their Non-Federal account.

In regard to best efforts in obtaining Employer and Occupation information, proof of our procedures will be sent under separate cover.

In regard to expenditure descriptions, changes have been made to reflect that these disbursements were not made on behalf of any other committee.

Sincerely,

Dawn Perkerson
Treasurer
