At the request of the FEC staff, this miscellaneous submission (Form 99) is made to clarify the reason for the amended filings for the committee's 12 day pre-primary filing for the period ended February 24, 2016 and the subsequent period ended March 31, 2016. The changes to the original filings involve the re-characterization of receipts involving the use of the candidate's personal credit cards to pay for certain campaign expenditures.

Originally, a reading of the FECfile guidelines and discussions with the FEC staff led the committee to record the above transactions as effective "cash" loan receipts from the candidate, as well as the related disbursements for such campaign expenditures.

However, upon further consideration and discussions with the FEC staff, it was recommended that the committee re-characterize such receipts in amended filings to change the credit card "receipts" from loans from the candidate to advances from the candidate, which are recorded as only memo entries. The amended filings reflect these recommended changes.

The amendments had no impact on the recording of the disbursement aspect of the transactions.

Filings made subsequent to March 31, 2016 were prepared consistent with the amended filings.

The termination of the committee was requested on September 13, 2016 and subsequently approved by the FEC staff.
