This letter is in response to the Commission's request for additional information in regards to the Committee's 2012 30 Day Post-General Report.

1. The Commission notes the receipt of funds from the Democratic National Committee and disbursements for allocable federal election activity. The Committee did not use funds transferred from national party committees to fund the federal portion of allocated FEA disbursements reported on Line 30a. These funds were kept in a segregated account. The Committee had more than enough traditional funds to cover these disbursements.
