Dear Mr. Stoetzer:

This letter is in response to your requests for additional information, dated January 29, 2013 and February 13, 2013.

1. Your letters indicate that several of the employer and occupation entries are missing or have incomplete information. The Committee does follow the three-fold process of best efforts required to meet the Commission standards. Every solicitation includes a clear and conspicuous request for contributor information and informs the contributor of the requirements of federal law for the reporting of such information. If the information is not received, within 30 days of receipt, the contributor receives a request to provide this information. These requests are generally made by phone (a log is kept in this case) and email. This request restates the requirements and does NOT include a solicitation. If the request is sent by mail, it includes a pre-addressed return envelope. If the information is received by the Committee, it is updated and the affected report will be amended to reflect the new information. All reports referenced above have been amended to update any donor information received after the original filing date.

2. Your letter regarding the September Monthly report indicates that Schedule B discloses expenditures for Direct Mail Production, Direct Mail Postage and Direct Mail Design. These expenditures (and all other expenditures with these descriptions on reports filed in 2012 and 2013) were all for the sole purpose of raising funds for the House Conservatives Fund. None of these expenditures were for public communications or voter drive activity containing express advocacy and do not constitute either in kind contributions to other committees or independent expenditures in support or opposition to any candidates for federal office. These expenditures were correctly disclosed and no additional amendments to this, or any previously filed report, are required at this time.

Sincerely,

Lisa Lisker
Treasurer
