

**ETEXT ATTACHMENT****10/14/2004 14 : 41**

Filing amended monthly reports for April through September, 2004. We had an error in receipt amounts for 8 employees in April 20 report(creating a sum difference of \$31.86 higher than the actual receipts received). There was a transposition in the receipt for one employee in the May 20 report (creating a difference of \$54 higher than the actual receipts received). The following months are being refiled to reconcile the cash on hand numbers to the amounts reflected in the amended April and May reports.

Should you have any questions or need further information, please do not hesitate to contact me.
