With regard to the inquiry about 'best efforts,' we appreciate your bringing this matter to our attention. CWF has mailed a second request letter. We do intend to file an amended August Monthly report. We expect to devote additional resources to obtaining and reporting the best efforts information, including sending out second and third requests as needed.

CWF has reviewed the disbursements for 'Direct Mail Production,' 'Direct Mail Consulting,' and 'Postage' on Schedule B of CWF's August Monthly Report. In each instance, no portion of the funds disbursed by CWF for these purposes was spent on behalf of specifically identified federal candidates. Accordingly, there is no need to amend the report to disclose candidate-specific information.
