Dear FEC,

In response to an RFI dated August 27, 2013, NORPAC has amended its June Monthly Report (05/01/2013 - 05/31/2013) to address the following items:

1. The Schedule B memo of a contribution to Collins for Senator in the amount of \$20,500 on 5/14/13 incorrectly contained contributions from Linda and Leyb Koyfman in the amounts of \$1,000 and \$2,500, respectively. These contributors were only attributed to a \$3,500 earmarked contribution sent out on 4/30/13. They have been removed, and the memo text now correctly reflects the contributions to this candidate.
2. The dates for eleven receipts of earmarks to Roberts for Senate were incorrectly reported due to software error as being received on 5/9/13. These contributions were received on 5/19/13, and the report is now reflected as such.
