

The committee amended its 2008 October Monthly, Pre-General, and Post-General Report today in response to the FEC's RFAI dated April 1, 2009. The amendments were solely for the purpose of updating Column B year-to-date numbers which were incorrect due to a previously filed substantive amendment to the Committee's 2008 Sept. Monthly report. No substantive changes were made to the reports amended today.
