This is to respond a letter that we received from FEC referencing our Year-End Report (7/1/2013 - 12/31/2013). Our report discloses three contributions which appear to exceed the limits set forth in the Act. We have requested the three committees to re-designate the excessive amount from the primary to the general accounts. The copies of the correspondence to the committees in regards to the re-designation requests will be mailed to FEC. The re-designations will be disclosed as memos in our next scheduled Q1 2014 Report (1/1/2014 - 3/31/2014).
