RFAl, Mid-Year Report (1/1/01-6/30/02)

In response to the RFAl dated May 3, 2002 requesting clarification of administrative expenses paid by the Wisc. Leadership PAC; most of the services provided to the PAC (fundraising, administration and preparing, reporting and filing FEC reports) are provided by contract consultants. These fees are reported as administrative costs for each quarter. The officers of the PAC provide other administrative services necessary on a volunteer personal time basis. Internal administrative costs are therefore minimal.
