In Reference to the Federal Election Commission letter received on 2/22/13 in reference to the 30 Day Post-General Report (09/27/12 - 11/26/12), we wish to submit the following explanation to item #1: On 10/26/12 there was a \$30,000 expenditure made to Strategic Media Placement. This expenditure was inadvertently not reported on a 24-hour report because the previous treasurer mistakenly did not notify the necessary individual who prepares the 24-hour reports about all independent expenditures being made, but the previous treasurer appears to have mistakenly omitted this one expense. This expense was however reported and reflected on the post-election report that was timely filed on 12/06/12. We have now also filed a 24-hour report for this expenditure. As we have filed all other 24-hour expenditure reports within the required time period, do not have a history of late filings, and have subsequently changed treasurers, we ask for your consideration to not pursue any further action on this one oversight which has now been corrected.
