This is a miscellaneous report to inform the FEC that we mistakenly and unnecessarily filed an April Quarterly Report for this year when we were only required to make a semi-annual filing. Please disregard the April Quarterly Report filed on 04/15/2013. Any and all transactions covered under that report have been reflected in the correct Mid-Year report filed contemporaneously with this Form 99. Also please note that the mistakenly filed April Quarterly reflected a different individual as treasurer than the individual designated under our Statement of Organization (Form 1). That was also in error as Leonard Mark Tannenbaum still remains treasurer. To summarize, Keeping America Competitive has not missed any filing deadlines, but mistakenly filed an extra report that it wants to inform the FEC it should disregard.
