Shortly after becoming the treasurer for Congressman Stewart in October 2015, we discovered that there were a number of contributions listed on the bank reconciliations that had been listed as outstanding deposits since the previous (2012) election cycle. The outstanding deposits equaled \$10,605 and were contributions from individuals between April 24, 2014 and October 15, 2014:

Upon discovery of these outstanding deposits, we looked through our records to determine whether each of these deposits was ever deposited into the campaign committee's bank account and reported to the FEC or not. We confirmed that each of these outstanding deposits were, in fact, deposited and reported in the appropriate FEC quarterly reports. However, despite our best efforts, we are unable to determine anything more regarding how this discrepancy arose and which transactions were improperly accounted for.

In order to correct the public record, we have made a cash-on-hand adjustment in our July 15 2016 quarterly report to reduce the cash balance by \$10,605. We have also discussed the matter with our FEC analyst to ensure that we are taking the appropriate steps to remediate this matter and do that which is required under FEC guidelines to remain compliant and provide the most accurate information as possible.
