This memo is in response to the commission's RQ-2 dated December 29, 2004 in reference to our report; Amended Year-End 2003 (7/1/03-12/31/03), received 11/26/04

The commission has asked for clarification of Banner used on Schedule H4 supporting Line 21(a). The Banner referred to in 2 entries were for Fresno County Republican Central Committee Banners used at our Fair Booth. The Description has been changed to Central Committee Banner and will be reflected in our latest amended report filed today. Consequently, the activity was not Federal Election Activity as defined in 2 USCA 431(20)(A)(i) or 11 CFR 300.33(a)(1). Therefore, the committee does not believe any transfer is necessary to comply with the Act.

The commission has asked for clarification for Payment for Registering Voters used on Schedule H4 supporting Line 21(a)

The payments were not made to any employee of the committee but to an outside vendor therefore the 25% rule does not apply

The committee made payments from its federal account, and reimbursed as appropriate from its non-federal account, for voter registrations obtained outside the 120-day window before a federal election. Consequently, the activity was not Federal Election Activity as defined in 2 USCA 431(20)(A)(i) or 11 CFR 300.33(a)(1). Therefore, the committee does not believe any transfer is necessary to comply with the Act.
