Please note that this fund transfer reflects allocated administrative expenses for the prior month (an earlier reporting period) and not the reported allocated expenses for the contemporaneous time period. This transfer adheres to the FEC requirement that such transfers must be made within a 70 day time period - no more than 10 days before or 60 days after the payment to the vendor. Note that the calcualtion of this reimbursement included several administrative expenses from June 2 to June 16 that were also inadvertently included in a reimbursement from the NYS Laborers PAC fund in the June 18 reimbursement. These totaled \$3740.06 (at 50% rate). However, the administrative expenses accrued for reimbursement in July (but not included in the original calculation for this reimbursement) would still comply with the 70 day time period requirement - no more than 10 days before or 60 days after the payment to the vendor. The \$9252.74 payment taking into account the \$3740.06 "error" would cover reimbursements made on or before July 15.

Please note that this fund transfer reflects allocated administrative expenses for the prior month (an earlier reporting period) and not the reported allocated expenses for the contemporaneous time period. This transfer adheres to the FEC requirement that such transfers must be made within a 70 day time period - no more than 10 days before or 60 days after the payment to the vendor. As noted in the memo for the July 17 reimbursement included a error in their calculation. This error totaled \$3740.06 (at 50% rate). However, the administrative expenses accrued for reimbursement in August (but not included in the original calculation for this reimbursement which originally included only July) would still comply with the 70 day time period requirement - no more than 10 days before or 60 days after the payment to the vendor. The \$6637.50 payment taking into account the \$3740.06 "error" would cover reimbursements made on or after July 15 through August 2.

The \$19,759.65 payment taking into account the \$3740.06 "error" would cover reimbursements made on or after August 2 but would also include some September expenses (which would usually be reimbursed in October). The payment for October will be adjusted to take into account this error from the previous report.
