Re: Amended Year End Report (11/26-02-12/31/02), received 05/07/03  
PID: FC00143230

Dear Ms. Sagri:

This response is to answer questions raised by the Federal Election Commission's ("FEC") notification, dated 05/30/03, regarding information reported on the above referenced report.

After numerous phone calls between Cherie Lafave and yourself, it was discovered that the EVENT YEAR-TO-DATE calculations for the Administrative/Voter Drive category, as reported on Schedule H4, are correct. Due to problems with FECFile (the reporting software provided by the FEC), the highest EVENT YEAR-TO-DATE total was not subtracting a vendor refund shown as a negative <\$2,271.49>; however, the EVENT YEAR-TO-DATE figure of \$4,138,694.36, reported on the last Administrative/Voter Drive entry, was correct.

We hope this information sufficiently answers the questions raised regarding the Year End Report. Please advise as soon as possible if any further action on our part is necessary.

#####Sincerely,

#####Chung C. Seto
