Received 7/16/14

FEC-952248 recharacterizes an in-kind contribution in Schedule A to a cash contribution, and makes appropriate changes in Schedule B. An individual rented equipment to the committee, and then contributed an equal amount. This was originally mistakenly characterized as an in-kind contribution. All remaining in-kind contributions in the report are properly reported.

Corrective Action: Review guidelines for in-kind contributions with campaign staff.
