Dear Mr. Tarone,

The E-PAC committee, FEC ID# C00570945, is in receipt of your Request for Additional Information dated August 14, 2022, regarding the Committee's July Monthly Report (6/01/2022 – 6/30/2022).

1.The committee has used its best efforts to determine the status of the contributing entity in that it has requested verification directly from the donor. Because the committee cannot ultimately determine whether or not such donors are incorporated or not using all of the permissible information at its disposal, it must rely on donor provided information. As such, if and when the committee determines that any donation is from an impermissible source, it immediately returns the donation and reports the transaction accordingly. As of the date of this letter, the committee has no information in hand that leads it to believe that the original contribution was from an impermissible source.

2.Using all available public information at the time, the committee made a good faith contribution to a federal candidate committee upon a request from the committee. Inasmuch as the committee is not required to discern ahead of time the status of a campaign's private financial situation, the committee can only rely on public data. Should the candidate committee determine that it made an impermissible request, we will request a refund immediately upon receipt of notice from the recipient that it may not accept such a contribution from our committee.

Sincerely

Cabell Hobbs
Treasurer
